

## TECHNICAL DATA: PPF/100

MODEL	PPFD/100
Output	10 – 12 lbs per minute
Maximum Working Pressure	300 PSI
Hose Length	100 feet
Maximum Fluid Temperature	200–700 (CPS)/125° Comp B depending upon Ambient Temp
Electrical	1:1 (can be adjusted as material application dictates)
Material Viscosity	100 PSI
Material Ratio	100 PSI
Maximum Hose Length	150 feet
Equipment Weight	375 lbs
Equipment Dimensions	45" L x 36" W x 45" H (with 100 ft of hose wrapped on top)

## STANDARD FEATURES

- Lightweight closed frame/portable dispenser
- Pre-Heaters A & B
- Electric Power Gear Pumps
- Electric Motor
- Air Mix Foam Dispensing
- Hose Heat Controller
- Sprays Variety of Foam
  - Open Cell
  - Closed Cell
  - Roofing Foam
